Independent Auditors' Report on Review

Board of Directors
OAO Severstal

Introduction

We have reviewed the accompanying consolidated interim condensed statement of financial position of OAO Severstal (the "Company") and its subsidiaries (the "Group") as at 30 June 2011, the related consolidated interim condensed income statements and consolidated interim condensed statements of comprehensive income for the three- and six-months periods ended 30 June 2011 and 2010, and the related consolidated interim condensed statements of changes in equity and cash flows for the six-month periods ended 30 June 2011 and 2010, and selected explanatory notes (the "consolidated interim condensed financial information"). Management is responsible for the preparation and presentation of this consolidated interim condensed financial information in accordance with International Financial Reporting Standard IAS 34 *Interim Financial Reporting*. Our responsibility is to express a conclusion on this consolidated interim condensed financial information based on our reviews.

Scope of Reviews

We conducted our reviews in accordance with International Standard on Review Engagements 2410 Review of Interim Financial Information Performed by the Independent Auditor of the Entity. A review of consolidated interim condensed financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our reviews, nothing has come to our attention that causes us to believe that the consolidated interim condensed financial information as at 30 June 2011, and for the three- and six-month periods ended 30 June 2011 and 2010 is not prepared, in all material respects, in accordance with International Financial Reporting Standard IAS 34 *Interim Financial Reporting*.

Notes to the consolidated interim condensed financial statements Six months ended June 30, 2011 and 2010

(Amounts expressed in thousands of US dollars, except as otherwise stated)

1. Accounting policies and estimates

These consolidated interim condensed financial statements of OAO Severstal and subsidiaries ('the Group') have been prepared in accordance with International Financial Reporting Standards ('IFRS'), IAS 34 "Interim Financial Reporting", as issued by the International Accounting Standards Board.

Adoption of amended and revised IFRS

The accounting policies applied by the Group in these consolidated interim condensed financial statements are the same as those applied by the Group in its consolidated financial statements for the year ended December 31, 2010, except that the Group has adopted those amended/revised standards mandatory for financial annual periods beginning on January 1, 2011.

Standards	Effective for annual periods beginning on or after
IAS 1 (Amended) "Presentation of Financial Statements"	January 1, 2011
IAS 24 (Revised) "Related party disclosure"	January 1, 2011
IAS 27 (Amended) "Consolidated and Separate Financial Statements"	July 1, 2010
IAS 32 (Amended) "Financial instruments: Presentation"	February 1, 2010
IAS 34 (Amended) "Interim financial reporting"	January 1, 2011
IFRS 3 (Amended) "Business Combinations"	July 1, 2010
IFRS 7 (Amended) "Financial instruments: disclosures"	January 1, 2011
IFRIC 13 (Amended) "Customer Loyalty Programmes"	January 1, 2011
IFRIC 14 (Amended) "IAS 19 - The Limit on a Defined Benefit Asset,	
Minimum Funding Requirements and their Interaction"	January 1, 2011
IFRIC 19 "Extinguishing Financial Liabilities with Equity Instruments"	July 1, 2010

Amended IAS 1 *Presentation of Financial Statements* clarified that disaggregation of changes in each component of equity arising from transactions recognized in other comprehensive income is required to be presented, but may be presented either in the statement of changes in equity or in the notes. These amendments did not have a significant effect on the Group's financial statements.

Revised IAS 24 *Related party disclosures* provided a revised definition of a related party which includes new relationships and led to the increased number of related parties of the Group. Revised IAS 24 became effective as at 1 January 2011 and requires retrospective application.

Amended IAS 27 Consolidated and separate financial statements clarified consequential amendments to other related international financial reporting standards. These amendments did not have a significant effect on the Group's financial statements.

Amended IAS 32 *Financial instruments: presentation* incorporated changes in respect of the classification of rights issues and their accounting. These amendments did not have a significant effect on the Group's financial statements.

Amended IAS 34 *Interim financial reporting* provided additional examples to the list of events or transactions that require disclosure and removed references to materiality that describes other minimum disclosures. These amendments did not have a significant effect on the Group's financial statements.

Notes to the consolidated interim condensed financial statements Six months ended June 30, 2011 and 2010

(Amounts expressed in thousands of US dollars, except as otherwise stated)

Amended IFRS 3 *Business Combinations* incorporated transition requirements for contingent consideration from a business combination that occurred before the effective date of the revised IFRS 3 and limited the accounting policy choice to measure non-controlling interest. These changes did not have a significant effect on the Group's financial statements.

Amended IFRS 7 *Financial instruments: Presentation* incorporated a number of clarifications to the existing disclosure requirements that did not have a significant effect on the Group's financial statements.

Amended IFRIC 13 *Customer loyalty programmes* provided guidance in respect of measuring the fair value of award credits and did not have a significant effect on the Group's financial statements.

Amended IFRIC 14 *IAS 19 – The limit on a defined benefit asset, minimum funding requirements and their interaction* provided guidance in respect of recognition of prepaid contributions and did not have a significant effect on the Group's financial statements.

Amended IFRIC 19 Extinguishing financial liabilities with equity instruments provided guidance on the accounting for debt for equity swaps and did not have a significant effect on the Group's financial statements.

New accounting pronouncements

A number of new Standards and amendments to Standards were not yet effective for the six months ended June 30, 2011, and have not been applied in these consolidated interim condensed financial statements.

The adoption of the pronouncements listed above is not expected to have a significant impact on the Group's consolidated financial statements in future periods except for those discussed below.

Amended IAS 1 *Presentation of Financial Statements* requires a separate presentation of items of other comprehensive income that may be reclassified to profit or loss in the future from those that will never be reclassified to profit or loss. Amended IAS 1 will be effective for annual periods beginning on or after 1 July, 2012 and requires retrospective application.

Notes to the consolidated interim condensed financial statements Six months ended June 30, 2011 and 2010

(Amounts expressed in thousands of US dollars, except as otherwise stated)

Revised IAS 19 *Employee Benefits* incorporates the following changes that are likely to have a significant impact on the Group's consolidated financial statements:

- Actuarial gains and losses will be recognized immediately in other comprehensive income and will not be recycled through profit or loss in subsequent periods;
- Annual expense for a funded benefit plan will include interest expense, calculated by applying the
 discount rate to the net defined benefit or liability that will replace the finance charge and
 expected return on plan assets.

Revised IAS 19 will be effective for annual periods beginning on or after 1 January, 2013 and requires retrospective application.

IFRS 9 *Financial Instruments* will be effective for annual periods beginning on or after 1 January 2013. The new standard is to be issued in several phases and is intended to replace International Financial Reporting Standard IAS 39 *Financial Instruments: Recognition and Measurement*.

The first and second phases of IFRS 9 were finalised in November 2009 and October 2010, respectively, and relate to the recognition and measurement of financial assets and liabilities. The Group recognises that the new standard introduces many changes to the accounting for financial instruments and is likely to have a significant impact on Group's consolidated financial statements. The impact of these changes will be analysed during the course of the project as further phases of the standard are issued during 2011.

IFRS 11 *Joint Arrangements* supersedes IAS 31 *Interests in Joint Ventures* and introduces a classification of all joint arrangements either as joint operations, which are consolidated on a proportionate basis, or as joint ventures, for which the equity method is applied. IFRS 11 will be effective for annual periods beginning on or after 1 January 2013 and requires retrospective application.

IFRS 13 *Fair value measurement* provides a revised definition of fair value, establishes a framework for measuring fair value and sets out expanded disclosure requirements for fair value measurements. IFRS 13 will be effective for annual periods beginning on or after 1 January 2013 and requires prospective application.

2. Discontinued operations and assets held for sale

The Group's discontinued operations represent the Lucchini segment and Severstal Sparrows Point LLC, Severstal Warren LLC, Severstal Wheeling Inc and Mountain State Carbon LLC, which are an operating segment within the North America reporting segment.

The loss on remeasurement of the Lucchini segment to fair value less costs to sell recognized as of June 30, 2010 in the amount of US\$ 1,010.3 million was allocated to property, plant and equipment and intangible assets on a pro-rata basis.

In March 2010, the Group acquired a 20.2% stake in Lucchini S.p.A. from a Lucchini family company for a total consideration of \in 82.5 million (US\$ 113.3 million at the transaction date exchange rate). After the acquisition, the Group's share in the capital of Lucchini S.p.A. became 100%.

Subsequently, the Group sold its 50.8% stake in Lucchini S.p.A. to the Majority Shareholder for a total consideration of \in 1 (US\$ 1.2 at the transaction date exchange rate). The Group continued to consolidate the Lucchini segment primarily due to a call option exercisable within the following five years and a contractual entitlement, for the benefit of the Group, to any gain on a subsequent sale of this stake to a third party.

In February 2011, the Group signed an amendment to Lucchini's share purchase agreement with the Majority Shareholder which cancelled the call option and the entitlement, for the benefit of the Group, to any gain on a subsequent sale of this stake to a third party. Effective from the date of this amendment the Group accounts for the investment in Lucchini using the equity method.

In March 2011, the Group sold its 100% stake in Severstal Sparrows Point LLC, Severstal Warren LLC, Severstal Wheeling Inc and a 50% stake in Mountain State Carbon LLC. Preliminary, the total consideration is assessed by management in the amount of US\$ 156.4 million. The remaining share in Mountain State Carbon LLC of 50% is accounted for using the equity method.

Upon deconsolidation, the Group's investments in Lucchini and Mountain State Carbon LLC were stated at fair values of US\$ 0 and US\$ 116.1 million, respectively, with the difference on remeasuring to fair value recognized within the net loss from discontinued operations. The fair value of the investment in Mountain State Carbon LLC is measured on a preliminary basis. The final fair value assessment is expected to be completed by the end of 2011.
